

Monitoring and Evaluation at the Local Level

Dr. James Edwin

Director General, National Monitoring and Evaluation AGENCY (NaMEA)

Office of the President
Sierra Leone

Freetown: 11 September 2025

ENHANCING CAPACITY OF LOCAL COUNCILS FOR DATA COLLECTION and REPORTING IN NaMEMIS

NaMEA is working with Local Councils to:

- Strengthen and Institutionalize Monitoring and Evaluation (M&E) of Government policies, programmes and projects
- M&E for results, accountability, transparency and learning in all MDAs & LCs.

How is NaMEA Institutionalizing M&E in MDAs and LCsL COUNCILS FOR

- Developed M&E policy and a comprehensive M&E Framework to monitor and evaluate all Govt. & Donor funded projects and the MTNDP.
- Develop monitoring guidelines and tools and support M&E capacity building needs of MDAs and local councils to effectively undertake M&E.
- Design and implement an automated National M&E System (that will be web-based and GIS supported) and integrated.
- Link NAMED to MDAs, local councils and donors/NGOs on one hand and NaMED and Parliament and the Presidency on the other.

Dashboard Capabilities

Real-Time Metrics

Tracks total project count and funding value (SLE).

Advanced Filtering

Filter by sector, status, location, and implementing agency.

GIS Integration

"Project Locations" section enables geographic visualization of projects.

Multi-Stakeholder Access

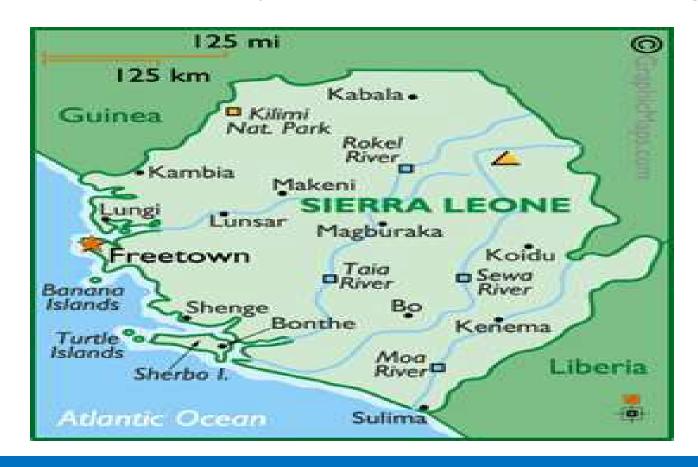

For government officials, local councils, development partners, CSOs, and the public.

Online map visualization to display data in near real-time using Google Map API

Annual Report:

- President at work –
- Year of Delivery
- From Implementation to Results
- Semiannual Report -select MDAs&LCs-,
 - Indicative progress in achieving the sectoral and national targets

Newsletter

- to provide updates beyond the M&E
- features human impact stories from the field,
- commendable work by an MDA&LC with quotes by the Head of Institution
- Can be used for whatapp messages.
