INTERNATIONAL CONFERENCE ON DATA AND DIGITAL GOVERNANCE 2024

19 – 22 October 2024
Shanghai and Deqing

You name: Eng. Jaha Mvulla
Manager-Research, Innovation and Training
Organization: President Office, e-Government
Country: Tanzania

e-GOVERNMENT

Is the use of ICT to enhance delivery of Government services in terms of quality, availability, accessibility and innovation of new services.

“The use of ICT” is an efficient way of conducting transactions between the Government and its citizens, business communities as well as within the public administration

e-GOVERNMENT IMPLEMENTATION

Depends on the four major building blocks: (i) e-Government related Policy, Laws & Regulations, (ii) proper Governance, (iii) effective Infrastructures and(iv) Systems and Applications that deliver digital services.

United Nations

Department of Economic and Social Affairs

MAJOR BUILDING BLOCKS FOR e-GOVERNMENT IMPLEMENTATION

Why Digitalization of Government Business processes?

- ❑ Cashless & Less Cash (e-Payment system(billing and Revenue collection), Registrations and application)
- ❑ Paperless & Less Paper (Registrations, Feedback and Communication systems,)
 - ❑ Silos to Shared Systems
- ❑ Data Sharing and exchange : System integration
 - ❑ Convenience
- ❑ Efficient Service Delivery to the public

MGOV - BULK SMS

✓ Add text messaging to your mobile or web application to effectively communicate with your users and customers easily.

✓ Our Bulk SMS API gives you a reliable connection as you build a service that can send messages to many phone numbers instantly.

Non - Expiry
Once purchased, your messages will not expire and you can use them out to your users.

Free Delivery Reports
Get SMS delivery status so you can see the reasons for any failed messages.

Free Sender IDs
Add your sender ID to the source of the message while in the same time, identifying your brand identity.

MGOV is connected to all Mobile Network Operators

APIs

Enable your business to integrate with our powerful APIs

Various Use Cases

- ✓ Notification Services
- ✓ Reminders
- ✓ Promotions
- ✓ Surveys & Feedback
- ✓ Authentication
- ✓ Transaction Alerts

e-Services to the Public (Last Miles)

Governance Instruments

- ❖ e-Government Act and Regulation 2019
 - ❖ Cyber Crime Act 2016
 - ❖ Electronic transaction Act
 - ❖ Personal Data Protection Act 2023
- ❖ Single Digital ID & Life events Record
- ❖ Digital Economy Strategy 2024-2034
 - ❖ E-Government Strategy 2022
 - ❖ National ICT Policy 2016
 - ❖ Standards & Guidelines

Establishment

- Ministry of Communication and ICT
 - e-Government Authority (e-GA)
- Tanzania Communication Regulatory Authority (TCRA)
 - Personal Data Protection Commission(PDPC)
 - The ICT Commission(ICTC)
- Universal Communication Access Fund (UCSAF)
 - National Identification Authority (NIDA)
 - National e-Government Steering Committee
 - National e-Government Technical Committee

Challenges in Implementing the Personal Data Protection Act

- Limited Resource;
- Lack of Awareness;
- Regulatory Landscape and Cross-Border Data Transfers (Data Localization);
- Data Security Risk;
- Third-Party Risks;
- Harmonization of Laws;
- Judicial Interpretation;
- Resistance to Change.

Way forward

- Training and Building Awareness;
- Enhancing Data sharing Infrastructure (Jamii X-Road);
- Enhancing Compliance of laws (Regular Audits);
- Developing Personal Data Protection Policies and Procedures;
- Collaboration with Regulatory Bodies (Local and international);
- Promoting Research and Innovation

UN DESA' s National Data Governance Framework

ELEMENTS (6)

1. Data standards and classification

2. Data sharing, exchange and interoperability

3. Data security (and protection)

4. Data privacy (and ethics)

5. Data Infrastructure

6. Digital Identity

Table 1: Overview of GTMI Groups, AFE, 2022

Group	GTMI	Economies in group	Economies	% E
A	Very High	GovTech leaders	3	12%
Mauritius, Tanzania, Uganda				
B	High	Significant focus on GovTech	5	19%
Ethiopia◇, Kenya, Rwanda, South Africa*, Zambia				
C	Medium	Some focus on GovTech	14	54%
Angola, Botswana*, Burundi◇, Comoros◇, Democratic Republic of Congo◇, Eswatini, Lesotho, Madagascar, Malawi, Mozambique◇*, Namibia, Seychelles, Somalia◇, Zimbabwe◇				
D	Low	Minimal focus on GovTech	4	15%
Eritrea◇*, São Tomé and Príncipe*, South Sudan◇*, Sudan◇*				
Total			26	

Source: World Bank data (26 economies).

Note: Blue represents a movement to a higher GTMI group and red indicates a drop from a higher GTMI group compared with the 2020 GTMI data. Black implies no change in the GTMI group. % E means percentage of the economies included in the relevant group. Economies highlighted with (*) did not participate in the 2022 Central Government GTMI online survey. Fragile and conflict-affected economies are shown with (◇).
